

Dose Exchange Program

Prescription and Enrollment Form for COPIKTRA® (duvelisib)

Please complete, sign, and fax to 1-833-264-8372

Healthcare Provider

The Verastem Cares Dose Exchange Program is available should you decide to adjust your patient's COPIKTRA dose before they've completed their current dose pack. In order to qualify, your patient must meet the requirements in the Program Eligibility section below. Please complete, sign, and fax this form to Verastem Cares Dose Exchange Program at 1-833-264-8372.

Please note that the program is facilitated exclusively by Verastem Cares and not by the specialty or in-office dispensing pharmacy to which the patient's previous prescription was submitted.

For ongoing refills, a new prescription will need to be submitted to the patient's existing specialty or in-office dispensing pharmacy.

Program Eligibility

To be eligible to participate in the Verastem Cares Dose Exchange Program, patients:

1. Must have capsules remaining from a current prescription for an FDA-approved indication for COPIKTRA.
2. Must return the remaining capsules. Return instructions and a pre-paid, addressed envelope for the unused quantity of previous strength will be provided.

Terms and Conditions of the Program

- The Verastem Cares Dose Exchange Program is available for up to 2 separate dose exchanges per patient. The quantity to be exchanged should not exceed a 28-day supply (56 capsules).
- Neither prescriber, prescriber's institution, pharmacy, pharmacist, or any other person, including the patient, may seek payment or accept reimbursement from any patient, third-party payer, including any state or federal entity or private or other insurance plan, or other person or entity for COPIKTRA supplied under this Program, regardless of whether the payer determines it will cover the product.
- For product provided to Medicare Part D patients pursuant to the Program, pharmacy must notify such patients' Part D plans that the product is being provided to these patients outside the Part D benefit, that no part of the costs of the drug provided as part of the Program shall be counted toward any Part D patient's out-of-pocket costs, and that no claim will be filed with a Part D plan or by a Part D patient for such drug. As a condition of this Program, applicable pharmacists will provide appropriate notifications to the patients' Part D plans. Notification will be provided as payment-related use and disclosure pursuant to the Health Insurance Portability and Accountability Act and state privacy laws.
- Product provided as part of this Program may not be sold, traded, or distributed for sale.
- In my medical judgment, the new strength of COPIKTRA is clinically appropriate for the patient named above and its use is consistent with the FDA-approved indication. This supply of COPIKTRA is specifically for the patient named above. Patient is a resident of the United States or Puerto Rico.
- I have explained to my patient that he/she must return the unused drug according to the instructions provided by the Verastem Cares Dose Exchange Program.

Prescriber: I certify that I understand and agree to comply with all my obligations as they relate the above referenced Program Eligibility and Terms and Conditions.
